ASHP Compounding Sterile Preparation Videos

ASHP compounding videos are a popular and effective way to help meet USP <797> Personnel Training and Competency Evaluation Guidelines. With the ASHP comprehensive set of Video Training Programs it's easy to ensure that staff has been thoroughly trained in all facets of sterile compounding *and* that Joint Commission competency requirements have been satisfied.

The following chart will help match the appropriate video to the training need.

Title	*Audience*	*Purpose*	*Video is best for:*
