

RESIDENCY ACCREDITATION FEE SCHEDULE

Please note that annual accreditation fees are assessed from the date of ASHP's receipt of the application for accreditation. ASHP's billing is based on the calendar year. Thus, for example, a site whose application is received in April will be billed for three-fourths of the year, or if in June the site will be billed for one-half of the annual assessment rate. The only other assessed fee is the application fee, payable upon submission of the application for initial accreditation (on-site survey expenses are include in the annual assessment -- there are no additional fees during the year of a program's on-site survey). **Note: The Annual Assessment Fee and Application Fee are subject to change yearly.**

	Annual Assessment per Site – 2009		Annual Assessment per Site - 2010
Program(s) per Site		Program(s) per Site	
1	\$2,765	1	\$2,875
2	\$3,640	2	\$3,785
3	\$4,070	3	\$4,230
4	\$4,315	4	\$4,500
5 or more	\$4,730	5 or more	\$4,925

2009 Initial application fee is \$750 per residency program

2010 Initial application fee is \$780 per residency program

When there are multiple residents in a program and they are home-based in separate sites, or if a residency is conducted at multiple sites (sites where residents spend greater than 25% of the program time), the other site(s) will be assessed one-half of the annual fee for one program -- in addition to the base fee above.

In instances where multiple site residencies that fall under the auspices of one corporate entity are spread across a wide geographical area, multiple site “groupings” will be limited to those programs that can be realistically reviewed during one typical two-day survey visit. Hence, programs that are managed by one corporate entity but are separated by distances requiring independent site surveys are considered to be separate residency programs and are charged separately.

Please contact the ASHP Accreditation Services Division at asd@ashp.org if you have questions.
