Being truly prepared means having the only print compendium of evidence-based drug information at hand.

Written and published by pharmacists and reviewed by over 500 experts, AHFS DI is the most comprehensive evidence-based source of drug information complete with therapeutic guidelines and off-label uses. The only print compendium designated by the US Congress, AHFS DI is also the only reference published by a non-profit scientific association--ensuring it is the most authoritative and best-selling reference trusted by pharmacists for more than 50 years.

AHFS DI might not always be the first resource you use at the point of care, but it's a mandatory resource to have at your fingertips. Its detailed and comprehensive drug monographs deliver valuable information and therapeutic guidelines to even the most complex questions. Don't waste time searching other references when you know you will always find the answer you can trust to be accurate inside – everytime.

Benefits to using AHFS Drug Information:

- Its Always ON – unlike other resources, AHFS Drug Information never fails. It always has power, it is immune to computer viruses and tampering, its doesn't freeze, and you know its from a reliable source. It should be a mandatory part of your organization's Emergency Readiness Plan.
- Saves Time – The monographs in AHFS DI have been organized and edited to maximize efficiency and minimize time searching for the answers. Over 50 years of publishing experience has made the editors of AHFS DI experts in layout and organization. There is no scrolling, no clicking, and no waiting for pages to load.
- You can Trust AHFS DI – the only drug information reference on the market today that is published by a non-profit scientific society and peer reviewed by over 500 experts in the healthcare field. AHFS Drug information is free from the influence of manufacturers, insurers, regulators, boards of directors, or other interested parties. No other drug resource can make this claim.

- You don't need to access another source for more detail – Included in every monograph found inside AHFS DI are evidence-based answers to the most multifaceted drug related questions supported by the latest, well documented research. It is by far the most comprehensive and reliable resource available.
- Most importantly...it SAVES LIVES.

Inside find peer-reviewed monographs that cover:

- Information on prescription, OTC, ophthalmic, and dermatologic drugs, plus vitamins and immunizing agents
- Extensive off-label uses and dosing options
- Expanded and revised content, with many new monographs
- Therapeutic recommendations supported by evidence from primary research
- Pharmacology and Pharmacokinetics
- Preparations, Chemistry and Stability
- Interactions, Adverse Reactions, Cautions, and Toxicity...among many more!
