Overview of Today's Webinar

Ever wonder how pharmacy got to where it is today? Political advocacy over the years by practitioners like you has not only protected our profession, but has advanced our profession. Please join us for this webinar as we discuss the importance of political advocacy and share some easy ways new practitioners can get involved with advocacy. You will learn about ways to get involved, as well as discuss some of the current hot issues. This program was created to inspire you as well as make you comfortable advocating for our profession. Remember - WE are the future of pharmacy.

Sarah Elliott, Pharm.D., Michael DeCoske, Pharm.D., and Teresa Cavanaugh, Pharm.D. will discuss how you can get involved in political advocacy.
