NEW PRACTITIONERS FORUM

GOALS OF THE ASHP NEW PRACTITIONERS FORUM 2011 - 2012

GOAL 1:

Serve the unique and evolving educational and informational needs of new practitioner members.

Objectives:

- Conduct continual assessment and analysis of evolving needs and the effectiveness of Forum programs to meet these needs.
- Provide programs and publications that meet the educational and informational needs of new practitioner members.
- Utilize social media to effectively communicate with new practitioner members.

GOAL 2:

Support the development of leadership skills and professionalism in new practitioner members.

Objectives:

- Promote leadership and engagement opportunities for new practitioner members within the Forum and ASHP.
- Provide programs and resources that promote leadership skill development and foster professionalism in new practitioner members.

GOAL 3:

Promote membership and active involvement in the ASHP New Practitioners Forum.

Objectives:

- Recruit, retain and promote active involvement in the Forum.
- Enhance visibility and awareness of Forum membership benefits.
- Expand collaboration between Forum members and others in ASHP, including section and Student Forum members.
- Promote initiatives and accomplishments of Forum members.

GOAL 4:

Facilitate greater understanding and participation in professional policy development and advocacy by new practitioner members.

Objectives:

- Generate awareness and encourage participation of new practitioner members in professional policy development.
- Create awareness and support involvement of new practitioner members in advocacy.

GOAL 5:

Support new practitioner engagement in practice advancement initiatives.

Objectives:

- Create awareness and support for the Pharmacy Practice Model Initiative (PPMI).
- Support and promote initiatives focused on increasing residency capacity.
- Develop and promote programs that support Forum members preparing for board certification.
