Health-System Pharmacists

PHARMACY STUDENT FORUM

Mission

The mission of the ASHP Pharmacy Student Forum is to prepare the next generation of health-system pharmacists to be leaders in their schools and communities to advance the future of the pharmacy profession.

Vision

The vision of the ASHP Pharmacy Student Forum is to grow and develop a community of pharmacy students prepared to lead the profession of health-system pharmacy to excellence. We dedicate ourselves to achieving excellence by creating a rewarding membership experience through:

- Anticipating student needs and delivering student-relevant information, tools and resources consistent with ASHP priorities
- Establishing an organizational framework that enhances collaboration among pharmacy schools, state societies, and ASHP
- Addressing the needs of students with respect to health-system pharmacy career, professional, and leadership development
- Representing the collective voice of pharmacy students regarding health-system pharmacy issues
