ACPE Program #204-000-08-307-L04P and #204-000-08-307-L04T

Level of Content: **General Interest**

**3.0 Contact Hours**

The Veteran's Health Administration will soon be receiving 67,000 veterans with PTSD. This informative session will include a discussion by the Federal Pharmacist Chiefs on how management of these patients will be coordinated between the Department of Defense and the VA, including medication management. This session has been planned for pharmacists in DOD, VHA, and the Public Health Service, both active duty and civilian. All pharmacists and technicians are invited to attend.

W204C, Level 2

1:00 p.m. – 4:00 p.m.

**Affiliate Volunteer Conference: Decision to Volunteer – What It Could Mean for Your Organization**

W202A, Level 2

1:30 p.m. – 2:30 p.m.

**New and Prospective Residency Training Program Directors' and Preceptors' Meeting**

Attending this session is one of the first steps for those contemplating the submission of an application for accreditation or who have very recently submitted an application and have never been through an accreditation site survey. The "nuts-and-bolts" questions asked by program directors and preceptors about recently established or newly developing programs will be discussed. Time permitting, other topics may include a review of the critical aspects of accreditation and commentary on specific elements of the accreditation standards. Come and learn the essentials for getting your residency training program off to a good start!
