

ASHP Midyear Clinical Meeting

The ASHP Midyear Clinical Meeting is the largest gathering of pharmacists in the world. With its focus on improving patient care, the meeting is attended by more than 20,000 pharmacy professionals from 86 countries. For four decades, the ASHP Midyear Clinical Meeting has provided health-system pharmacy practitioners with a venue for updating their knowledge, networking with colleagues, enhancing their skills, and learning about the latest products and technologies.

The hundreds of educational activities at the Midyear Clinical Meeting are developed to maintain and enhance the knowledge, skills, and abilities of pharmacists and associated personnel in health systems. A dynamic venue for instruction on important issues relevant to contemporary pharmacy practice, the meeting's five full days of continuing education sessions are unmatched anywhere.

Aside from educational programming, two key networking elements of the Midyear Clinical Meeting are CareerPharm's **Personnel Placement Service (PPS)** and the **Residency Showcase**. While PPS opens the way for thousands of job seekers to connect with potential employers, the Residency Showcase provides ambitious students and other pharmacists a forum to meet programs' current residents and preceptors in an informal session and to gain information about their programs and institutions.
