

RESITRAK™

ResiTrak™ is a new web-based evaluation tool provided by ASHP to all pharmacy residency programs in the ASHP accreditation process. **ResiTrak™** is the easy way to document & provide feedback to residents and saves your preceptors time.

- 100% Web-based: no need to install any program
- Access any time, any place via Web internet
- No additional fees to use this service
- Allows customization but ensures required goals and objectives are addressed
- Stores evaluations electronically
- Prints evaluations on demand
- Provides an easy way to set up a systematic approach to training

What does ResiTrak™ track?

- Incoming resident interests & needs
 - Goals and objectives to be reviewed during each learning experience
 - Resident & preceptor evaluations
 - Preceptors & residents - to alert them to complete an evaluation
- Resident's progress over time

Release Time - MAY 2007

Evaluations will be ready for July 2007 Residents

Notification

An email will be sent to your Director of Pharmacy/or direct report for the Residency Program Director (often Department Chairs in Colleges of Pharmacy) to activate the system in May 2007. Notifications will be emailed out between May 14 and May 18th, 2007 Make sure ASHP Accreditation Services Division has the correct email address for your Director of Pharmacy and the Residency Program Director!
