- FREE, on-demand, one-on-one mentoring
- Receive tips from distinguished leaders in the field
- A flexible program tailored to your schedule
- A myriad of networking opportunities

WHAT DOES HAVING A MENTOR MEAN TO YOU?

Having a mentor during pharmacy school has had inexplicable value in my life - some days, it has been the difference between maintaining my sanity and having a breakdown. Recently, it has meant getting the rotation of my dreams in the middle of a pandemic. I feel so fortunate for the mentorship I have had these last several years!
