

ASHP Student & Residency Calendar of Events 2021

This student calendar was created by the ASHP Pharmacy Student Forum Residency Preparation Advisory Group. The calendar is intended to guide student pharmacists throughout all stages of their professional journey towards pharmacy residency training or career exploration. The calendar is updated annually, but student pharmacists are encouraged to check with the ASHP webpages indicated for any changes or updates to deadlines, information, or other processes. Any information pertaining to residency training and deadlines should be always verified through the [National Matching Service webpage](#). Please note that pharmacy class notations (P1, P2, P3, and P4) assume a four-year professional pharmacy program curriculum.

You can choose to automatically integrate the below dates to your calendar using each “Add to my Calendar”

link below. For full [instructions](#) on how to do so, please visit the last page of the document.
