**Activity Overview**

The Core Therapeutic Modules for Recertification Package consists of 3 activities (see table below). In each activity, faculty review clinical topics and practice skills using a case-based approach. This package is intended for board certified pharmacists in need of recertification credit; the activities were designed based on the content outline developed by the Board of Pharmacy Specialties (BPS).

Each activity is approved for 1.0 hours of continuing pharmacy education credit. Successful completion of all the learning modules will provide up to 3 hours of continuing pharmacy education credit.

**Recertification Credit\***

Board certified pharmacists are eligible to receive 3 hours of recertification credit for completing this module. To earn recertification credit, learners must review the activity content and successfully complete the online assessment by the deadline. Only completed assessments will be eligible for credit; no partial or incomplete assessments will be processed. You are allowed only one attempt to successfully complete this assessment.

Participants who pass the assessments will be eligible for recertification credit in the year in which the assessment was completed.
