

Activity Announcement

Telehealth Management Pearls

Planned in cooperation with the ASHP Innovation Center

ACPE Activity Number: 0204-0000-20-038-L04-P, 0204-0000-20-038-L04-T

Activity Date: November 18, 2020

Activity Type: Knowledge-based

CE Credits: 1.5 hour, no partial credit

Activity Fee: Members – Free / Non-Member – Not Available

Accreditation for Pharmacists and Pharmacy Technicians

The American Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Target Audience

This activity was planned to meet the educational needs of pharmacists and pharmacy technicians.

Activity Overview

The Telehealth Management Pearls are quick, five-minute presentations designed to convey one practical idea, concept, or initiative that has been useful within a telehealth environment. Pearls cover a variety of topics important to the pharmacy workforce providing telehealth services.

Learning Objectives

- Identify novel methods and barriers in selecting patients for pharmacist patient care telehealth services.
- Discuss opportunities to improve telehealth services and the operational workflow within a telehealth environment.
- Describe strategies for the pharmacy workforce to identify software needs and integrate telehealth software and systems in practice for telehealth visits.
- Describe barriers and successes in securing reimbursement for pharmacist patient care telehealth services.

Schedule of Educational Activities

- Introduction and Announcements
- Presentation
- Questions, Answers, and Discussion

Faculty Disclosures

In accordance with the ACPE's and ACCME's Standards for Commercial Support, anyone in a position to control the content of an educational activity is required to disclose to the accredited provider their relevant financial relationships. In accordance with these Standards, all potential conflicts of interest have been resolved. *An individual has a **relevant financial relationship** if he or she (or spouse/domestic partner) has a financial relationship in any amount occurring in the last 12 months with a commercial interest whose products or services are discussed in the activity content over which the individual has control.*

Activity Announcement

As defined by ACCME, a **commercial interest** is any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The Standards for Commercial Support do not consider providers of clinical service directly to patients to be commercial interests. The existence or non-existence of relevant financial relationships will be disclosed to the activity audience. All identified conflicts of interest must be resolved prior to the activity.

- **All planners, presenters, reviewers, and ASHP staff report no financial relationships relevant to this activity.**

Methods and CE Requirements

This Live Webinar activity consists of faculty slides presentations, active learning activities, discussion, and handouts. Participants must attend the activity in its entirety to get the Attendance code to claim continuing pharmacy education credit online at ASHP eLearning Portal. Follow the prompts online to complete the evaluation, claim credit and view the statement of credit immediately after the activity but no later than **January 17, 2021**.

Per ACPE requirements, CPE credit must be claimed within 60 days of being earned. To be sure your CE is accepted inside of ACPE's 60 day window; plan to process your CE before **January 17, 2021**! Claim your CE at <http://elearning.ashp.org>. Once you have processed and claimed your CE credit, we encourage you to check your NABP eProfile account to verify your credits were transferred successfully before the ACPE 60-day deadline. It is an electronic direct-report process so your credits should appear in your account within a few minutes. After the 60 day deadline, ASHP will no longer be able to report your credit(s) for this activity.

System Technical Requirements

Courses and learning activities are delivered via your Web browser and Acrobat PDF. Users should have a basic comfort level using a computer and navigating web sites.
