Accreditation for Pharmacists and Pharmacy Technicians

The American Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education.

Target Audience

This activity was planned to meet the educational needs of pharmacy technicians and pharmacy leadership.

Activity Overview

Pharmacy technicians are a valuable member of any pharmacy team. Pharmacy technicians often have the greatest knowledge of procedures and policy used, and are the primary trainers for many aspects within the organization, which can prove invaluable during an inspection. During inspections pharmacy technicians will be interviewed and observed by inspectors, but are not prepared as this is not a required training topic and often are not invited to any planning sessions prior to a schedule inspection. This presentation will help prepare pharmacy technicians and their organizations how to be better prepared to utilize pharmacy technicians during an inspection.

Learning Objectives

- Identify ways a pharmacy technician can prepare for an inspection.
- Describe the role a pharmacy technician may have during an inspection.
- Explain the importance of including a pharmacy technician preparing and also during an inspection.

Activity Announcement

In accordance with the ACPE's and ACCME's Standards for Commercial Support, anyone in a position to control the content of an educational activity is required to disclose to the accredited provider their relevant financial relationships. In accordance with these Standards, all potential conflicts of interest have been resolved. *An individual has a **relevant financial relationship** if he or she (or spouse/domestic partner) has a financial relationship in any amount occurring in the last 12 months with a commercial interest whose products or services are discussed in the activity content over which the individual has control.*

As defined by ACCME, a **commercial interest** is any entity producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The Standards for Commercial Support do not consider providers of clinical service directly to patients to be commercial interests. The existence or non-existence of relevant financial relationships will be disclosed to the activity audience. All identified conflicts of interest must be resolved prior to the activity.

- **All planners, presenters, reviewers, and ASHP staff report no financial relationships relevant to this activity.**

Methods and CE Requirements

This Live Webinar activity consists of faculty slides presentations, active learning activities, discussion, and handouts. Participants must attend the activity in its entirety to get the Attendance code to claim continuing pharmacy education credit online at ASHP eLearning Portal. Follow the prompts online to complete the evaluation, claim credit and view the statement of credit immediately after the activity but no later than **December 28, 2020**.

Per ACPE requirements, CPE credit must be claimed within 60 days of being earned. To be sure your CE is accepted inside of ACPE's 60 day window; plan to process your CE before **December 28, 2020**. Claim your CE at <http://elearning.ashp.org>. Once you have processed and claimed your CE credit, we encourage you to check your NABP eProfile account to verify your credits were transferred successfully before the ACPE 60-day deadline. It is an electronic direct-report process so your credits should appear in your account within a few minutes. After the 60 day deadline, ASHP will no longer be able to report your credit(s) for this activity.
