

Instructions for sorting the residency showcase listing

The link to the residency showcase listing will take you to a Google spreadsheet hosted within Google Drive. The file can either be viewed and sorted or filtered using Google drive or saved as an Excel spreadsheet (File > Download as > Microsoft Excel) and sorted that way.

Computer:

1. Open spreadsheet (This will open in Google Drive)
2. Highlight the column you'd like to sort by clicking on the top of that column

The selected column is now sorted alphabetically.

4. To filter, click Data > Filter views > Create new temporary filter view

The screenshot shows the Excel interface for 'MCM16 Residency Program Listing'. The 'Data' menu is open, and the 'Filter views' option is selected, leading to a sub-menu where 'Create new temporary filter view' is highlighted with a red arrow. The background spreadsheet shows columns for Organization, Booth Number, Session, City, State/Country, Specialty Name(s), and Program Type.

5. Arrows will appear for each column, which can be used to filter that column.

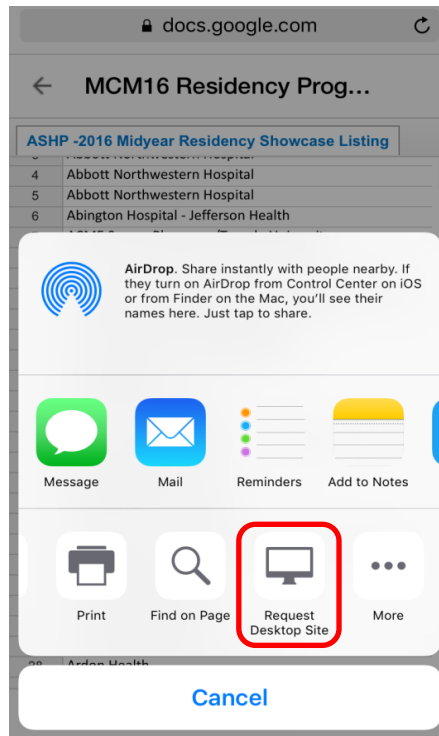

The first screenshot shows the spreadsheet with 'Temporary filter 3' applied, filtering the data to show only Monday sessions. A red circle highlights the filter arrow in the 'Session' column header. The second screenshot shows the 'Filter by values' dialog box for the 'Session' column, with 'Monday' selected and a red arrow pointing to it. The background spreadsheet shows the filtered results.

IPHONE / IPAD

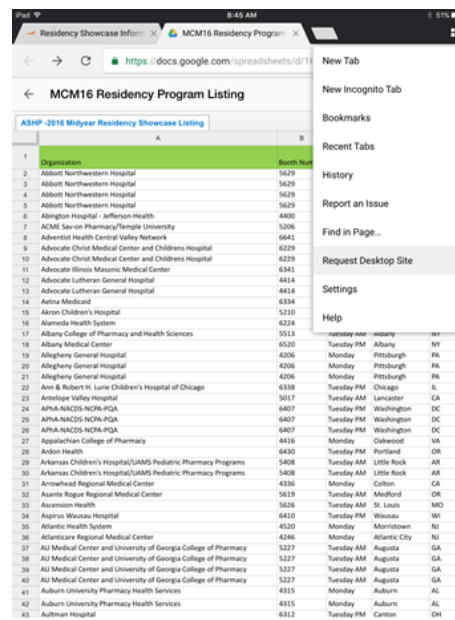

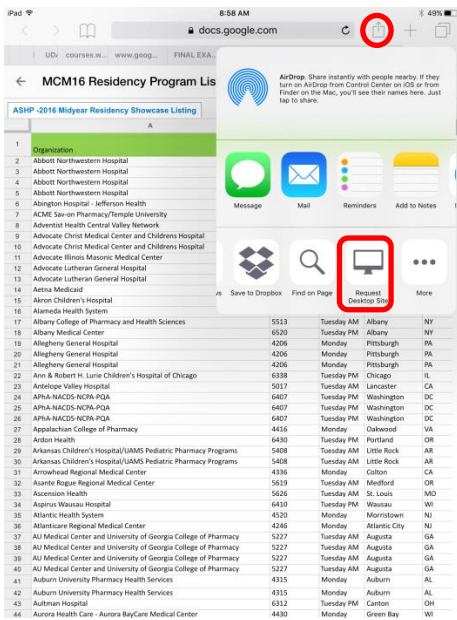

The mobile version of google drive will not allow you to sort or filter. The website must first be switched from the mobile version to the desktop version of the site.

1. After clicking the spreadsheet link, the document will open in a mobile version of the google docs website. To switch to the desktop site, click on the menu button, then "Request desktop site".

IPHONE:

IPAD:

Safari

Chrome

2. Now, the spreadsheet can be sorted in the same way that is described above (for Computers).
