AGENDA – LIVE COURSE

SATURDAY, DECEMBER 2

7:30 a.m. – 8:05 a.m.  Welcome/Introductions and Tips for Success
Stuart Haines, PharmD, BCACP, BCPS, BC-ADM, FAPhA, FASHP, FCCP

8:05 a.m. – 9:35 a.m.  Research Methods and Data Analysis
Stuart Haines, PharmD, BCACP, BCPS, BC-ADM, FAPhA, FASHP, FCCP
ACPE Number: 0204-0000-23-622-L04-P*
Application-based: 1.5 contact hours
Objectives:
At the end of the presentation, the pharmacist should be able to:

• Analyze biomedical literature with regard to study methodology, statistical analysis, and significance.
• Explain the use of evidence-based treatment guidelines and protocols.
• Interpret the biomedical literature and its application to clinical practice.

9:35 a.m. – 9:45 a.m.  Break

9:45 a.m. – 11:15 a.m.  Cardiovascular Disease: Primary Prevention Case
Kristin Watson, PharmD, BCCP
ACPE Number: 0204-0000-23-623-L01-P*
Application-based: 1.5 contact hours
Objectives:
At the end of the presentation, the pharmacist should be able to:

• Select the appropriate treatment and monitoring for a complex patient-case with multiple conditions, including hypertension, dyslipidemia, chronic kidney disease, diabetes, and obesity.
• State the Center for Disease Control and Prevention Advisory Committee on Immunization Practices recommendations for adult immunizations.
• Determine how to advise a patient on point-of-care testing to measure response to drug therapy.
• Discuss national benchmarking standards and implications to patient care.

11:15 a.m. – 11:35 a.m.  Break

*See page 13 for more details.
SATURDAY, DECEMBER 2 (CONTINUED)

11:35 a.m. – 12:35 p.m.  Evidence-based Practice and Resources  
Stuart Haines, PharmD, BCACP, BCPS, BC-ADM, FAPhA, FASHP, FCCP  
ACPE Number: 0204-0000-23-622-L04-P*  
Application-based: 1 contact hour  
Objectives:  
At the end of the presentation, the pharmacist should be able to:  
• Identify sources of information to use in addressing questions that arise in one’s practice or from patients and other healthcare professionals.  
• Explain how to provide education regarding the principles and practices of evidence-based medicine to current and future health care professionals.

12:35 p.m. – 1:35 p.m. Lunch (on your own) - or bring your lunch and join us for an informal round of “EBP Jeopardy” to fine tune your “Evidence-Based Practice”

1:35 p.m. – 3:05 p.m. Providing Safe and Effective Pharmacotherapy: Key Regulatory and Quality Approaches  
Patricia C. Kienle, BSPharm, MPA, BCSCP, FASHP  
ACPE Number: 0204-0000-23-622-L04-P*  
Application-based: 1.5 contact hours  
Objectives:  
At the end of the presentation, the pharmacist should be able to:  
• Explain the regulatory and accreditation expectations of a comprehensive medication use program.  
• Describe methods to develop and maintain a medication use system.  
• Discuss technology used to promote safe and effective medication use.  
• Apply national regulations and evidence-based practices related to medication safety and quality.  
• Interpret results from pharmacotherapy-related quality improvement activities.

3:05 p.m. – 3:15 p.m. Break
SATURDAY, DECEMBER 2 (CONTINUED)

3:15 p.m. – 4:45 p.m.  Cardiovascular Disease: Secondary Prevention Case
Snehal Bhatt, PharmD, BCPS-AQ Cardiology, FASHP
ACPE Number: 0204-0000-23-623-L01-P*
Application-based: 1.5 contact hours
Objectives:
At the end of the presentation, the pharmacist should be able to:
• Select the appropriate treatment and monitoring for a complex patient-case with multiple conditions, including atrial fibrillation (AF), acute coronary syndromes (ACS), and gastroesophageal reflux disease (GERD).
• Develop a plan to address continuity of care issues.
• Formulate a medication therapy plan for smoking cessation.
• Determine how to manage drug – drug and drug-induced disease interactions in a patient with ischemic heart disease.
• Discuss quality of life in this population.
• Discuss national benchmarking standards and implications to patient care.

4:45 p.m. – 4:55 p.m.  Break

4:55 p.m. – 6:25 p.m.  Complex Heart Failure Case
Christopher Betz, PharmD, BCPS, FKSHP, FASHP
ACPE Number: 0204-0000-23-623-L01-P*
Application-based: 1.5 contact hours
Objectives:
At the end of the presentation, the pharmacist should be able to:
• Select optimal treatment and monitoring for a complex patient-case with multiple conditions, including heart failure, electrolyte disturbances in acute decompensated heart failure, diabetes, and a thyroid disorder.
• Discuss the medications that should be avoided in heart failure.
• Identify safety issues in this population.
SUNDAY, DECEMBER 3

7:30 a.m. – 7:35 a.m. Announcements
Victoria R. Nachar, PharmD, BCOP

7:35 a.m. – 9:05 a.m. Oncology and Supportive Care Case
Victoria R. Nachar, PharmD, BCOP
ACPE Number: 0204-0000-23-625-L01-P*
Application-based: 1.5 contact hours
Objectives:
At the end of the presentation, the pharmacist should be able to:
• Select the appropriate treatment and monitoring for a complex patient case with multiple conditions, including breast cancer, febrile neutropenia and pulmonary embolism.
• Compare and contrast current breast cancer screening recommendations.
• Develop a plan to manage pain and nausea/vomiting in a patient with cancer.
• Discuss safety issues in this population.
• Discuss adherence issues with oral chemotherapy regimens.

9:05 a.m. – 9:15 a.m. Break

9:15 a.m. – 10:45 a.m. Complex HIV/AIDS Case
Douglas Slain, PharmD, BCPS, FASHP
ACPE Number: 0204-0000-23-624-L01-P*
Application-based: 1.5 contact hours
Objectives:
At the end of the presentation, the pharmacist should be able to:
• Select the appropriate treatment and monitoring for a complex patient-case with multiple conditions, including dyslipidemia, and hepatitis B.
• Identify and manage common drug interactions experienced by HIV-treated patients.
• Identify and manage common adverse drug reactions experienced by HIV-treated patients.
• Determine appropriate medication choices for the treatment and prevention of common opportunistic infections.
• Discuss quality of life issues in terms of medication therapy for HIV-infected patients
• Discuss recommendations for pre-exposure prophylaxis (PrEP).

*See page 13 for more details.
SUNDAY, DECEMBER 3 (CONTINUED)

10:45 a.m. – 10:55 a.m.  Break

10:55 a.m. – 11:20 a.m.  Board of Pharmacy Specialties Examination Overview

11:20 a.m. – 12:20 p.m. Lunch (on your own)

12:20 p.m. – 1:50 p.m.  Complex Pediatric Asthma Case
Jill Morgan, PharmD, BCPS, BCPPS
ACPE Number: 0204-0000-23-624-L01-P*
Application-based: 1.5 contact hours
Objectives:
At the end of the presentation, the pharmacist should be able to:
  • Select optimal treatment and monitoring for a complex patient-case with acute asthma exacerbation, acute otitis media, and seasonal allergies.
  • Apply methods for counseling a patient and/or caregiver in asthma self-management with comprehensive documentation of the patient counseling.
  • Develop a plan for childhood vaccinations in a child who has been delayed in receiving them.
  • Implement principles of shared-decision making and culturally effective care when using complementary/alternative medicine in a pediatric patient.

1:50 p.m. – 2:00 p.m.  Break

2:00 p.m. – 3:30 p.m.  Complex Nursing Home Patient Case
Kalin M. Clifford, PharmD, BCPS, BCGP, FASCP
ACPE Number: 0204-0000-23-625-L01-P*
Application-based: 1.5 contact hours
Objectives:
At the end of the presentation, the pharmacist should be able to:
  • Select the appropriate treatment for a complex patient-case with multiple conditions, including stroke, depression/anxiety, dementia, chronic COPD management, osteoarthritis, osteoporosis, and pain.
  • Discuss complementary/alternative medicine and safety issues in this population.
  • Discuss quality improvement initiatives and regulations in the nursing home setting.

3:30 p.m. – 3:40 p.m.  Break

*See page 13 for more details.
3:40 p.m. – 5:10 p.m. Complex Pneumonia Case
Katherine Lusardi, PharmD, BCIDP
ACPE Number: 0204-0000-23-624-L01-P*
Application-based: 1.5 contact hours
Objectives:
At the end of the presentation, the pharmacist should be able to:
• Select the appropriate treatment and monitoring for a complex patient-case with multiple conditions, including pneumonia, acute renal insufficiency, sepsis, COPD and dehydration.
• Interpret clinical data, including lab, physical examination and vital signs.
• Determine and prioritize pneumonia-related treatment goals.
• Determine approaches to manage drug allergies and select next best drug therapy when primary drugs are precluded.
• Discuss approaches to limiting antimicrobial overuse by stewarding antibiotic usage appropriately.
• Discuss safety issues in patients receiving treatment for pneumonia.

5:10 p.m. – 5:20 p.m. Closing Remarks
Christopher Betz, PharmD, BCPS, FKSHP, FASHP
WEB-ONLY MODULES — RELEASE DATE FEBRUARY 7, 2024

Cardiac Arrhythmias and Advanced Cardiac Life Support

Heather Draper, PharmD, BCPS
ACPE Number: 0204-0000-24-900-H01-P
Application-based: 1 contact hour
Objectives:
• Interpret signs, symptoms and diagnostic tests for cardiac arrhythmias.
• Identify drug-related problems, including drug interactions and adverse effects, associated with pharmacotherapy of cardiac arrhythmias.
• Identify strategies to prevent drug-induced arrhythmias.
• Recommend therapy and monitor for cardiac arrhythmias based on patient-specific information, current guidelines and Advanced Cardiac Life Support recommendations.

Diabetes

Lourdes Cross, PharmD, BCACP, CDCES
ACPE Number: 0204-0000-24-900-H01-P
Application-based: 1 contact hour
Objectives:
• Interpret diagnostic and/or laboratory tests in patients with diabetes.
• Formulate the most appropriate treatment, monitoring, and follow-up plans based on patient-specific information and current guidelines.
• Evaluate drug-related problems.

Gastrointestinal Disorders

Brooklyn Olumba, PharmD, BCPS
ACPE Number: 0204-0000-24-901-H01-P
Application-based: 1 contact hour
Objectives:
• Recommend appropriate treatment and monitoring, based on drug-specific variables, patient-specific information and clinical practice guidelines.
• Evaluate drug-related problems and response to therapy.
• Recommend modifications of patient-specific treatment plans based on follow-up assessment.

*See page 13 for more details.*
Heart Failure
Kazuhiko Kido, PharmD, BCPS, BCCP
ACPE Number: 0204-0000-24-900-H01-P
Application-based: 1 contact hour
Objectives:
• Interpret diagnostic and/or laboratory tests, vital signs and clinical presentation in patients with heart failure.
• Formulate the most appropriate treatment and monitoring plans, based on patient-specific information and current guidelines for patients with heart failure.
• Recommend appropriate modifications of patient-specific treatment plans based on follow up assessment in patients with heart failure.

Fluid, Electrolytes, and Nutrition
Diana Solomon, PharmD, BCCCP
ACPE Number: 0204-0000-24-901-H01-P
Application-based: 1 contact hour
Objectives:
• Interpret laboratory and diagnostic tests for fluid, electrolyte, and nutrition status.
• Recommend the most appropriate therapy and monitoring in patients with fluid, electrolyte, and nutritional disorders based on patient-specific information and current guidelines.
• Apply strategies to manage drug-related electrolyte interactions and nutrient interactions.

Infectious Diseases: Part I
Tina Beck, PharmD, MSCR, BCPS
ACPE Number: 0204-0000-24-901-H01-P
Application-based: 1 contact hour
Objectives:
For the following infectious diseases: c.difficile infection, skin and soft tissue infections, upper respiratory tract infections, community acquired pneumonia
• Interpret laboratory and diagnostic tests
• Formulate the most appropriate treatment, monitoring, and follow-up plans based on patient-specific information and current guidelines.
• Evaluate drug-related problems.

*See page 13 for more details.*
Infectious Diseases: Part II  
Krutika Mediwala-Hornback, PharmD, BCPS, BCIDP  
ACPE Number: 0204-0000-24-901-H01-P  
Application-based: 1 contact hour  
Objectives:  
For the following infectious diseases: sexually transmitted diseases, urinary tract infections, endocarditis, meningitis  
• Interpret laboratory and diagnostic tests  
• Formulate the most appropriate treatment, monitoring, and follow-up plans based on patient-specific information and current guidelines.  
• Manage drug-related problems.

Neurologic Disorders  
Jonathan Wietholter, PharmD, BCPS, FCCP  
ACPE Number: 0204-0000-24-902-H01-P  
Application-based: 1 contact hour  
Objectives:  
For patients with seizure disorders, Parkinson’s disease, headache and sleep disorders:  
• Evaluate the risks and benefits of drug therapy considering other medication and patient specific factors.  
• Formulate the most appropriate treatment, monitoring and follow-up plans based on patient-specific information and current guidelines.  
• Evaluate drug-related problems.

Patient Education and Health Literacy  
Nicholas Owens, PharmD, BCACP, BCPS, FCPP  
ACPE Number: 0204-0000-24-902-H01-P  
Application-based: 1 contact hour  
Objectives:  
• Assess considerations for communicating pharmacotherapy plans to different patient populations including pediatrics, geriatrics, and patients with low health-literacy.  
• Evaluate methods for educating patients and caregivers on safe and appropriate use of medications and devices.
Psychiatric and Substance Abuse Disorders  
Mei Liu, PharmD, BCPP  
ACPE Number: 0204-0000-24-902-H01-P  
Application-based: 1 contact hour  
Objectives:  
• Assess considerations for communicating pharmacotherapy plans to different patient populations including pediatrics, geriatrics, and patients with low health-literacy.  
• Evaluate methods for educating patients and caregivers on safe and appropriate use of medications and devices.

Kidney Disorders  
Laura Waite, PharmD, BCPS, CLS  
ACPE Number: 0204-0000-24-902-H01-P  
Application-based: 1 contact hour  
Objectives:  
• For patients with acute kidney injury and chronic kidney disease determine the most appropriate treatment and monitoring based on drug characteristics, patient-specific factors, and current clinical practice guidelines.  
• Manage drug dosing and drug-related complications in patients receiving renal replacement therapy.  
• Identify appropriate modifications to the treatment plans based on follow-up assessment to optimize outcomes.

Musculoskeletal and Rheumatic Disorders  
Thuyvan Phan, PharmD, BCPS  
ACPE Number: 0204-0000-24-901-H01-P  
Application-based: 1 contact hour  
Objectives:  
For patients with rheumatoid arthritis, osteoarthritis and gout:  
• Formulate the most appropriate treatment and monitoring, based on drug-specific variables, patient-specific information and clinical practice guidelines.  
• Evaluate drug-related problems and response to therapy.  
• Recommend appropriate modifications of patient-specific treatment plans based on follow up assessment.
Selected Topics in Critical Care

Paul Szumita, PharmD, BCCCP, BCPS, FASHP, FCCM
ACPE Number: 0204-0000-24-900-H01-P
Application-based: 1 contact hour
Objectives:
• Interpret diagnostic and/or laboratory tests, vital signs, and clinical presentation in order to differentiate types of shock (hypovolemic, distributive, cardiogenic)
• Compare and contrast the pharmacologic agents utilized in shock
• Recommend the most appropriate therapy and monitoring based on patient-specific information and current guidelines for the treatment of shock, prevention of stress ulcers, and prevention of venous thromboembolism

Selected Topics in Acute Care

Brooke Barlow, PharmD, BCCCP
ACPE Number: 0204-0000-24-900-H01-P
Application-based: 1 contact hour
Objectives:
• Interpret diagnostic and/or laboratory tests, vital signs, and clinical presentation in critically ill patients with acute ischemic stroke, venous thromboembolism and need for anticoagulation reversal.
• Recommend the most appropriate therapy and monitoring based on patient-specific information and current guidelines for the treatment of venous thromboembolism, treatment of acute ischemic stroke, and reversal of anticoagulation.
Women's Health

Morgan King, BS, PharmD, BCPPS
ACPE Number: 0204-0000-24-902-H01-P
Application-based: 1 contact hour*

Objectives:

• Describe pertinent sex-based differences in pharmacodynamics and pharmacokinetics that affect exposure and response to medications.
• Recommend appropriate treatment, monitoring and follow-up plans based on patient-specific information and current guidelines for osteoporosis and menopausal symptoms.
• Select appropriate contraceptive options, including emergency contraception, based on patient-specific information.
• Evaluate the safety and efficacy of common therapies used during pregnancy and lactation.
• Formulate treatment recommendations for common complications that occur during labor and delivery.

*See page 13 for more details.
**ACREDITATION FOR PHARMACISTS**

The American Society of Health-System Pharmacists is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education with Commendation.

ACPE credit may be claimed at the end of the live Review and Recertification Course after completing an activity evaluation. ACPE credit is sorted into groups, as follows:

<table>
<thead>
<tr>
<th>GROUP</th>
<th>ACPE Number</th>
<th>Title</th>
<th>Hours</th>
<th>Attendance Code</th>
</tr>
</thead>
<tbody>

FACULTY

Brooke Barlow, PharmD, BCCCP
Neurocritical Care Clinical Pharmacy Specialist
Memorial Hermann Woodlands Medical Center
Woodlands, Texas

Tina Beck, PharmD, MSCR, BCPS
Associate Professor
University of the Incarnate Word
San Antonio, Texas

Christopher Betz, PharmD, BCPS, FKSHP, FASHP*
Professor, Department of Clinical and Administrative Sciences & Cardiology Clinical Pharmacy Specialist
Sullivan University College of Pharmacy
Louisville, Kentucky

Snehal Bhatt, PharmD, BCPS-AQ Cardiology, FASHP*
Associate Professor of Pharmacy Practice and Clinical Pharmacist
MCPHS University and Beth Israel Deaconess Medical Center
Boston, Massachusetts

Kalin M. Clifford, PharmD, BCPS, BCGP, FASCP
Assistant Professor of Pharmacy Practice, Geriatrics Division
Texas Tech University Health Sciences Center School of Pharmacy
Dallas, Texas

Lourdes Cross, PharmD, BCACP, CDCES
Associate Professor, Department of Pharmacy Practice
Sullivan University College of Pharmacy and Health Sciences
Louisville, Kentucky

Heather Draper, PharmD, BCPS
Clinical Pharmacy Specialist, Emergency Medicine
Trinity Health Saint Mary’s
Grand Rapids, Michigan

Stuart Haines, PharmD, BCACP, BCPS, BC-ADM, FAPhA, FASHP, FCCP
Professor of Pharmacy Practice
Director of the Division of Pharmacy Professional Development
University of Mississippi School of Pharmacy
Jackson, Mississippi

FACULTY (CONTINUED)

*See page 13 for more details.
Kazuhiro Kido, PharmD, BCPS, BCCP
Clinical Associate Professor
West Virginia University School of Pharmacy
Morgantown, West Virginia

Patricia C. Kienle, BSPharm, M.P.A., BCSCP, FASHP
Director, Accreditation and Medication Safety
Cardinal Health Innovative Delivery Systems
Wilkes-Barre, Pennsylvania

Morgan King, BS, PharmD, BCPPS
Clinical Pharmacy Specialist
Cleveland Clinic Fairview Hospital
Cleveland, Ohio

Mei Liu, PharmD, BCPP
Clinical Assistant Professor
Ernest Mario School of Pharmacy
Rutgers, The State University of New Jersey
Piscataway, New Jersey

Katherine Lusardi, PharmD, BCIDP
Clinical Pharmacy Specialist, Infectious Diseases
Baptist Health System
Little Rock, Arkansas

Krutika Mediwal-Hornback, PharmD, BCPS, BCIDP
Clinical Pharmacy Specialist - Infectious Diseases & Antimicrobial Stewardship
Medical University of South Carolina (MUSC) Health
Charleston, South Carolina

Jill Morgan, PharmD, BCPS, BCPPS
Associate Professor and Chair for the Department of Pharmacy Practice and Science
University of Maryland School of Pharmacy
Baltimore, Maryland

Victoria R. Nachar, PharmD, BCOP
Clinical Pharmacist Specialist - Ambulatory Hematology
Michigan Medicine Rogel Cancer Center
Adjunct Clinical Assistant Professor
University of Michigan College of Pharmacy
Ann Arbor, Michigan

FACULTY (CONTINUED)
Brooklyn Olumba, PharmD, BCPS  
Clinical Pharmacy Specialist, Ambulatory Care  
Memorial Hermann Southwest Hospital  
Houston, Texas

Nicholas Owens, PharmD, BCACP, BCPS, FCPP  
Clinical Associate Professor  
Philadelphia College of Pharmacy, School of Health Professions  
Saint Joseph’s University - University City Campus  
Philadelphia, Pennsylvania

Thuyvan Phan, PharmD, BCPS  
Clinical Pharmacists Practitioner  
UNC Rheumatology Specialty Clinic  
Chapel Hill, North Carolina

Douglas Slain, PharmD, BCPS, FASHP*  
Professor and Infectious Diseases Clinical Specialist  
West Virginia University  
Morgantown, West Virginia

Paul Szumita, PharmD, BCCCP, BCPS, FASHP, FCCM  
Director, Clinical Pharmacy  
Brigham & Women’s Hospital  
Boston, Massachusetts

Laura Waite, PharmD, BCPS, CLS  
Assistant Dean of Student Affairs and Admissions  
Director of Student Recruitment and Engagement  
Clinical Associate Professor of Pharmacy Practice  
Philadelphia College of Pharmacy, School of Health Professions  
Saint Joseph’s University - University City Campus  
Philadelphia, Pennsylvania

Kristin Watson, PharmD, BCCP  
Associate Professor  
University of Maryland School of Pharmacy  
Baltimore, Maryland
